

# Community Council Meeting

## January 27, 2020

**Present:** Genna Goodwin, Dallas Dixon, Micklee Hiatt, Mark Hoss, Vicki Endsley, Jenny Leavitt, Cheryl Hutchings

**Conducting:** Genna Goodwin

**Previous minutes approved.**

**Training:** Roles and responsibilities and school safety and digital citizenship. How to find training: [School land trust.org](http://School land trust.org)

Log in

Select Schools, Training

Please complete training.

**Current Data:** Jenny Leavitt

**DIBELS** – The expectation is that 80% of students will make typical or better growth by the end of the year. Growth is for each student no matter where they currently are.

Middle of the Year Growth:

Kindergarten – 66%	1 <sup>st</sup> Grade – 84%	2 <sup>nd</sup> Grade – 57%
3 <sup>rd</sup> Grade – 58%	4 <sup>th</sup> Grade 51%	5 <sup>th</sup> Grade – 80%

At SEP's the teachers will let parents know what growth their student has made. Dibels helps find "holes" in a student's reading and being able to fill them in.

**What are we doing to increase growth:**

\*Additional para (smaller groups), more targeted comprehension interventions lessons (purchasing materials), intervention coaching, adding small group Tier 1 instructions where needed.

\*Interventions reading and now math in a few classes. Next year both Math and reading will be back into school day.

# Community Council Meeting

## January 27, 2020

\*95% Group -comprehensive kit to help groups grow – purchasing a few of these now. Hope to have one per class soon.

\*Angie is doing coaching for teachers.

### **Other items:**

**\*Title 1 Status** – we will be Title 1 next year. We are #10 of 11 schools designated as Title 1 schools. Title 1 lets us fund paras for small groups.

**\*Trustlands Amendment:** Use the surplus and maybe a little technology money to hire a 12 hour para in the afternoon to make 3<sup>rd</sup> grade and kindergarten groups smaller. They would also be trained to do progress monitoring. Hours for para are Monday – Thursdays from 12:30 to 3:30.

### **Heritage Days in September.**

Would love to see Red Mountain represented in performances such as art or choir or both.

There is also a parade we could enter.

Young Dr's: Dr Whitehead and Dr. Park started the program. It is improving every year. It is possible to do a second session if enough students are interested.

**Next Meeting:** March 9<sup>th</sup> at 2:30 p.m.
