Conducting:

School Plan for 2024 - 2025: Jenny Leavitt

- 80% of students will make typical or better growth in reading and math from BOY to EOY.
 - Fund additional teachers for Tier 1 and small group instruction to meet our goal.
 - Hire and retain paraprofessionals to provide targeted intervention and extensions during reading and math. Continue to train paraprofessionals to work with students and enhance instruction. To allow teachers to meet in PLCs, have data meetings, plan curriculum and progress monitor students.
 - Hire a paraprofessional to manage a take home library so students have access to books for learning at home.
 - Purchase supplies such as manipulatives and reading supplies.
 - Provide supplies such as manipulatives and books to support math and reading instruction.
 - Purchase technology such as chromebooks, computers, projectors, etc. to support our goal.
- Reduce the number of disruptions in class based on classroom observations. (and skills room data)
 - Employ a behavior technician and a wellness/skills room paraprofessional to provide Tier 2 and 3 behavior interventions and support.
 - Continue to use school wide positive behavior incentives to encourage positive student behavior.
- Each grade level will set and reflect on BOY, MOY, and EOY PEERS goals.
 - Provide substitutes for teachers to participate in professional learning to enhance student learning.
