

Community Council Minutes

January 23, 2025

Conducting: Kyle Clark

Members in attendance: Kyle Clark, Micklee Hiatt, Dillon Hurt, Chris Lively, Jenny Leavitt, Dallas Dixon, plus 2 parents.

Jenny gave everyone a handout of the School Plan for this year. She went over the MOY Data we just received. The council discussed the information. All were pleased with the results so far this year.

Title I status: Jenny informed the council that Red Mountain will be on temporary Title I status next year. Dallas Dixon will stay as Title I coordinator. However, we will lose 1 full time teacher and some paras. Also, Technology will be limited due to the fund cut. Red Mountain will receive about ½ of what they received this year. We will keep the behavior para that started today. One grade level will need to be bigger than another because of losing a teacher.

Questions to Council.

Lunch times: Last time we discussed parents concern that students did not have enough time to eat. Mrs. Leavitt has talked to parents and explained the students are talking and not eating. All parents are invited to come have lunch anytime with their student. They will be able to see how lunchtime works.

Playground: The District said this summer a new playground and rubber will be put down under the playground equipment. A parent has donated money to purchase a Gaga Ball court for the lower grades. It is in the process of being ordered.

Chess Club: Officer Jon Ward is over this. Students really enjoyed it and he had about 30 students in attendance.

Boys & Girls Club: Jenny suggested the council members advertise Boys and Girls Club to parents that do not have anywhere for their students to go after school.

Next Council Meeting will be held March 20, 2025 at 2:30 pm.
